About Us

IT BARELY MATTERS WHAT YOU ARE; RATHER IT MATTERS HOW THE WORLD PERCEIVES YOU. AND IT DEPENDS ON YOU, WHAT YOU WANT THE WORLD TO PERCEIVE ABOUT YOURSELF.

Welcome to Kainsara Infraprojects Private Limited, the flagship company of Kainsara Group, a multi-discipline engineering services company. Established in 2009, we offer high-quality engineering support solutions to the Aluminum, Steel, Coal & Power sectors.

Our wide range of services supports organizations to manage their various core & non-core activities in the areas of Mechanical Maintenance, Operational Assistance, Workforce Management, Operating Asset Management, and Global Technology Solutions across industries and geographies.

VISION

Be the most admired Engineering Services company in Odisha by achieving extraordinary results for our customers and building satisfying careers for our people.

MISSION

Achieve service leadership by building a customer-centric environment and generate a sense of belongingness & respect in the mind of customers by providing an unbelievable service experience.

Core Values

We stand on our values & inculcate them in each one of our stakeholders. We respect it to the core of our hearts and build strength on it.

01

Ethics

We believe Ethics is the backbone of an establishment. We are uncompromising in our integrity, honesty, and fairness.

02

Health & Safety

Health is wealth & Life is invaluable. We are relentless in keeping people safe from harm and providing a healthy work environment.

03

Quality

We are passionate about excellence and doing our work right the first time. Our reputation depends on our delivered value in the eyes of every customer and community.

04

Sustainability

We improve the quality of life in communities where we work by respecting local cultures, engaging local people and protecting the environment.

MD's Desk

Mr. Somanath Naik

Managing Director

On behalf of the Board of Directors and the Management, I would like to extend my sincere gratitude and appreciation for the support & continuous patronage extended by all stakeholders and thank you for your faith in the Company's growth potential.

MANAGING DIRECTOR

Says...

Workmen are an integral part of this company. They work day in and day out to make sure that their company remains in good shape and that they themselves sustain and grow along with the company. Hence, it becomes my duty to appreciate these workmen and encourage them. Nothing is more important than a Human Life and I as the Managing Director of the company ensure it by implementing of best HSE practices. At the same time, we ensure our workman gives 100% of his efforts at the workplace. We are committed to our responsibility toward society through Corporate Social Responsibility (CSR). 'Healthy Workforce builds Healthy Work Environment in Company' – we implement the best practice in the areas of health & safety for all our employees.

NOTHING IS MORE IMPORTANT THAN A HUMAN LIFE AND I AS THE MANAGING DIRECTOR OF THE COMPANY ENSURE IT BY IMPLEMENTATION OF BEST HSE PRACTICES.

To us, Human Resources Development is an integral part of the overall management.

The employees being the most valuable assets of the Company, are continuously trained to keep pace with the fast-changing technological advancements.

we strive to give our best to our clients and are working for value addition at every level on continuous basis.

We would like to establish ourselves in the market as a Quality Service Organisation, for which each one of you plays a vital role, who is associated or gets associated with us.

Since its inception, KIPL is known for its core values, and I on behalf of the Company, thank you all stakeholders.

The Company has been continuously endeavoring to enhance the level of Quality, HSE, and Corporate Governance in its day-to-day operations.

Operation & Maintenance

O&M typically includes the day-to-day activities necessary for a work set-up and equipment to perform their intended function. A facility cannot operate at peak efficiency without being maintained, and we understand that. We believe, the O&M activities encompass not only technical issues, but also managerial, social, financial and institutional issues. With the right combination of Manpower & Machineries, we support you strive towards optimum utilization of your facility and perform to your expectations in

- Operation & Maintenance
- Operational & Maintenance Assistance
- Start-up Activities
- Productivity improvement
- Asset Optimization
- Process Control & Modification
- Preservation of unutilized Facility and Equipment

Project Execution

We ensure conformance with engineering design standards, applicable codes, project specifications and requirements prior to execution. By ensuring seamless coordination with other stakeholders involved in executing the project, we put our best to reach the common goal.

Time is the essence of any project. We ensure timelines are met by proper project planning & hassle-free execution. By building on our strengths, we demonstrate the highest standards of workmanship. Projects are executed by us with the best in industry HSE practices. We are into:

- Greenfield Projects
- Brownfield Projects in existing plants set-up
- Structural Fabrication & Erection
- Equipment erection, Installation & Commissioning

We are enabled with expert manpower and best-in-class tools & machinery to execute a project efficiently.

Material Handling

It is critical for an organization to identify importance of material handling activities. In the current competitive and globalized environment, it is important to control cost and reduce time in material handling. We implement an efficient material handling process through Design of proper facility layout, Simplifying the work process thus saving Time and Reducing the total cost of production.

With optimized use of our resources, we carry out Material handling activities like:

- Raw Material Handling
- Handling of Work-In-Progress
- Finished Goods Management
- Rejects/Scraps Disposal System
- Packing and Storage

We are enabled with our own resources like Hydra, Crane, Trailer and other material handling machineries & equipments. Our sister concern M/s Samaleswari Traders is a known name for supplying material handling machineries & equipments.

Mining & Transportation of Minerals

A challenge of every mining operation is the logistics of transportation, not only of its ores, but of supplies, equipment and personnel as well. Due to the isolation of many operations, and heavy weight and large size of the product, the logistics can be complicated. Different mine sites have different logistics plans. We support you by providing a range of services for Mining (Development and Operation) and enable you enhance your productivity.

We provide reliable mineral transportation and logistics services for high-volume commodities such as coal, iron ore, and bulk minerals. Ensuring safe, timely, and cost-efficient movement through a disciplined fleet and trained manpower.

Core Services

- Long-haul transportation of minerals
- Internal shifting within plant premises
- Loading, unloading & weighbridge coordination
- Documentation compliance & real-time monitoring
- Overburden removal & mining of strata
- Coal/ore handling to stockyards & client locations
- Railway siding management & rake loading

Design & Consultation

Whatever your need, we have the expertise and resources to engineer & design your project and provide you with innovative and cost-effective solutions. We have with us, well-qualified and experienced engineers and veterans to sync with your expectations and carryout the conceptual design. We help you understand the forces at work on your product & services, so that you can ensure expected results.

We provide various engineering services.

- Feasibility Study and Assessment
- User Requirement Specifications (URS)
- Process Optimisation & Control in Carbon Plants of Aluminium Smelters, thus improving efficiency.
- Structural Design & Detailing
- Site Based customized Equipment to related Industry
- Training Programs

Mechanized Cleaning

An industrial environment, like any other workplace, requires a certain degree of cleanliness and organization in order to function properly. While different industries and facilities face very different challenges in this area, they all share the need for industrial housekeeping. New technology coupled with stricter regulations on emissions and workplace safety has in turn contributed to making industrial housekeeping more common and technologically advanced.

In line with this, we provide solutions that facilitate improved work practices, staff safety, asset optimization, increased productivity and enhanced product quality.

- Truck-mounted Road Sweeping machine
- Industrial Vacuum Cleaning Systems
- Industrial Dust Suppression Systems
- Solid Waste Management Equipment
- Customized Special Purpose vehicles
- Self-propelled Road Sweeping M/c
- Ride-on Sweeping m/c
- High pressure jetting machine & Dry-Fog System

Group Companies

Formed in 1997, M/s Samaleswari Traders has it's own identity in the field of Material handling, Equipment & machineries rental and Manpower. With a turnover of INR 2.2 Crores in 2021, the company holds a good rapport with all the major industries.

With a handful of resources and an excellent team of leaders, trained operators & workmen; this company has the capability of executing any type of material handling activity with best technological process & utmost safety.
